All, I have attached the workplan for the Lower Ley Creek sampling effort which was completed this week. In addition, I have attached two tables and two maps which summarize the Nov 2009 data.

If you have any further questions, please let me know.

RE: Lower Ley Creek

Lauren:

In follow-up to your solicitation of questions or issues to be addressed
by the June 2 conference call, Onondaga County requests that EPA provide
the following before the June 2 call.

1. The November/December sampling data provided by EPA was
in
a
very raw format. Please provide a copy of any subsequent summary report
and/or tabulated data, findings and/or annotated site drawings/maps.
2. Please also provide a copy of the sampling plan for the
May
2010
round of sampling.

The receipt of the above information may lead to other or more specific
questions. If so, the County will forward any additional questions well
in advance of the June 2 call.

Thank you.

Lauren,

In response to my e-mail to you, the following have also responded to me indicating their availability on the 27th (in addition to me and Gary) for a call with EPA: Frank Pavia, Luis Mendez, Kevin Murphy, David Nunn, Katherine McFadden. Two (Frank Pavia and Luis Mendez) have indicated they are NOT available on the 28th.

Jean

Lauren, I would be interested in participating in such a call for
Syracuse China. Due to travel and other previously scheduled
commitments, I am not available until the 27th or 28th of May (anytime
those dates would be fine). Jean

Lauren:

I am responding on behalf of Onondaga County to request that you set
up a time and date for a group call or an individual call w/ Onondaga
County to discuss the sampling data and status of current and future
activities concerning Lower Ley Creek.

Thank you.

Subject: Lower Ley Creek

Dear Lower Ley Creek PRPs,

A couple of months ago, I sent you a disk containing the results of the Nov-Dec 09 sampling of Lower Ley Creek. I offered to schedule a group call to discuss the data, but did not receive a response from any of you. If this is of interest to you, please let me know. EPA is continuing its efforts to investigate and address the contamination of this Subsite and I, once again, encourage the PRPs to contact me if they are interested in funding or performing this work.
